

Princess Jullie Valencia
FULL-STACK DEVELOPER

<https://pjvalenciaportfolio.vercel.app> • pjv0607@gmail.com

Full-Stack Developer with 3+ years of experience building scalable and high-performing web applications using React, Node.js, JavaScript, TypeScript, GraphQL, and modern frontend/backend technologies. Experienced in problem-solving, debugging, API integration, and collaborative development environments, with familiarity in NoSQL, GenAI, and LLM-based applications. Also expanding expertise in iOS and Android development using Swift, UIKit, and SwiftUI.

EDUCATION

Central Luzon State University
Bachelor of Science in Information Technology
Major in Systems Development

Philippines
2020-2025

EXPERIENCE

Freelancer
Programmer / Full-Stack Developer

Remote
2023-2026

- Developed and maintained web applications, software solutions, and websites for various clients.
- Worked on projects ranging from bug fixes and feature enhancements to full-scale custom application development.
- Integrated AI and LLM capabilities into systems to enhance automation, user interaction, and application intelligence.
- Utilized modern technologies including React, Node.js, JavaScript, TypeScript, PHP, Python, MySQL, PostgreSQL, and API integrations.

Department of Education
Intern

Schools Division Office of San Jose City, Nueva Ecija
February 2025– May 2025

- Assisted in developing and maintaining official websites and internal systems for the Schools Division Office.
- Led and coordinated project development using Agile methodologies to ensure efficient collaboration and timely delivery of applications.
- Worked closely with the development team to troubleshoot issues, improve system functionality, and optimize performance.
- Gained hands-on experience in frontend and backend development using HTML, CSS, JavaScript, PHP, and MySQL.

LEADERSHIP AND ACTIVITIES
